### **Google Ad Grants for Charities**

Ian at Charity Excellence has drawn this to my attention and I'm sharing it with you in the hope that you will find it useful.

Google Ad Grants provide over £7,500 per month of free Google Ads advertising to eligible Not For Profit organisations. The adverts will appear on relevant Google search result pages and can boost organisations' visibility to their key audiences. Probably worth checking out the facts to see if your charity or non-profit is eligible and considering whether it might help you raise the profile of your charity – and hopefully increase donations. Please note, one of the requirements is that your charity has a high quality website and you will need to have the capacity to update it to keep abreast of their requirements at least monthly. Please ensure you read all the explanations and requirements carefully before applying, see: [Google Ad Grants Explained | Guide to Google Ad Grants \(theaccessgroup.com\)](#).
